Some suggestions of Gourzuf - Yalta:

Contemporary Gourzuf with many-storeyed buildings and dwelling houses stretches along the banks of river Avounda. Sanatorium "Pushkino", boarding house of artists named by Korovin, sanatorium of the Ministry for Defense with magnificent park created at the end of XIX century are located here. The park's sightseeing is the fountains "Night" and "Rachel". Gourzuf is connected with name of A. Pushkin who spent here three weeks in 1820 with family of general N.Rayevski. Even today you can see this house, where the young poet has lived and where in 1989 museum dedicated to staying of A. Pushkin in Gourzuf and in Crimea was opened. Annually in the birthday of the great poet in Gourzuf there is poetic holiday- Pushkin's reading.

A. Griboyedov, Adam Mitskevich, N. Nekrasov, A. Chekhov, I. Aivazovski, I. Repin, V. Surikov, M. Musorgski, F. Shaliapin, A. Gorki and other outstanding figures of the literature and art visited Gourzuf in different time.

Here in VI century a fortress Gorzuvity was constructed and the byzantian, Arabian and Genoa sources testify about this. Merchant Afanasi Nikitin has mentioned about it. The remains of this fortress have preserved on the Genoa rock.

The settlement Gurzuf (from a latin word «urzus» - a bear) is located in one of the most beautiful valleys of Crimea which. crossed by mountain amphitheater by the river Avinda. The valley is connected to the sea with a small gulf. To the west of Gurzuf the cape Martjan, to the east - mountain Ajudag (Bear-mountain) became a symbol of South coast towers. Ruins of fortress Gorzuvity built in VI century are located on rock.

In Gurzuf there is a Chekhov's house, the House of creativity by Korovin, a Pushkin`s museum.

Gurzuf is well-known also for the park created in 1803. On its small, rocky site exotic plants grow. In park it is a lot of fountains among which the fountain «Night» like as brought here from one of the areas of the Vein. Near to a southern gate of park it is possible to see the whole sculptural gallery: Adam Mickiewicz's busts, Lesia Ukrainka, Feodor Shalyapin, Anton Chekhov, Maxim Gorky, and Vladimir Majakovsky.

In Gurzuf, from the western side of mountain Ajudag, there is an International children's center «Artek».
